

VERIFICATION WORKSHEET FOR WATER METER USING REFERENCE METER

JOB REQUEST NO. : _____
 Tagging no. : _____

Date Received : _____
 Date Measured : _____

Meter Brand : _____
 Meter Classification : _____
 Meter Size : _____
 Meter Identification : _____

MEASUREMENT METHOD

- ISO 4064 standard (nominal/Q₃; transitional/Q₂; minimum/Q₁)
 method agreed upon between DCWD Cal-Lab and the customer _____
 as per customer's requirement _____

MEASUREMENT RESULTS

FLOW	Meter	Final	Initial	Volume Diff., L	Filling Time, s	Flow test, L/H	Relative error, ε%
	Reference						
	Tested						
	Reference						
	Tested						
	Reference						
	Tested						

REMARKS:

- The reference standard used in this measurement is _____ traceable to _____ with Reference Certificate no. _____
- The measurement was done at the following :

Condition	RH, %	Temperature, °C	MME ID code	Ref. Certificate no.
Environment				
Water				

Measured by: _____

Checked by: _____
